*\* NB. Where this asterisk is shown these services are only available in South Gloucestershire*

## **FURTHER INFORMATION**

### **Travelling Charges**

All visits are subject to a 0.45p/mile return travel charge from BS37 7AU with a minimum charge of £10.00 for local visits. The full cost of my visit including travel will be quoted on your enquiry and also in my booking confirmation.

### **The use of a live owl on visits**

I am very selective where I use a live owl in my work and regret I will not bring them to any type of adult group booking as my PowerPoint presentations are the focus of my adult visits. However, a live owl is brought to selective school bookings, children's 'Meet an Owl' bookings and I also offer the option of bringing a live owl to shows or events at extra cost although both mine and the owls preference is that they stay at home while my photography and enthusiasm entertains my audiences!

### **PowerPoint Presentations**

#### Adult Groups

I have my own laptop, projector, cable reel and screen and will just require a small flat table to place this equipment on.

#### Schools

It is always quicker and easier for me to hook into the schools projection equipment and whiteboards/screen using either my USB or my laptop - in the event that this equipment is not available I will always have my own projection equipment in reserve.

Please contact Ian on 07770 684200 or [wildowltv@gmail.com](mailto:wildowltv@gmail.com) if you have any questions
